

## Williamstown Property Owners

If your property is assessed for \$150,000.00, the bond payment to finance the Public Safety Building increases your tax payment \$90.00 for the 2014-2015 fiscal year. Payments decrease each year as the bond is paid off.

This forces the following sacrifice:

A. If you chose to pay cash, it costs you 24.66 cents per day.

B. If you smoke cigarettes, you must give up one pack every 36 days.

C. If you purchase coffee at your local eatery you must give up:

Small cups – give up (1) every six days

Large cups – give up (1) every eight days

D. If you take your family of 5 (2 parents, 3 children) out to dinner at a local eatery you must give up one dinner outing during the year; sandwiches, french fries, salad, fried mushrooms, drinks,.

E. If you take the payment out of your car's gas bill you must give up 22 gallons, or 484 miles of local driving, 9 miles per week.
