**Brief synopses of the topics covered at this meeting are listed below.**

Steve Finneron Chaired this meeting.

- Committee members discussed their impressions of the CM Proposals and Presentations.
- Committee felt all three applicants provided strong arguments for their potential choice for the project. The Proposals were from Russell Construction, Naylor and Breen, and DEW.
- The vote for DEW was unanimous with Andrew Salamon's abstention due to his relationship with one of the Applicants.
- The next "Process" will begin to select an architect and a concept time-line.
  - The Process to follow:
    - Forward recommendation to Selectboard for approval
    - DEW to issue RFP for Design Firms
    - Review and interview potential Design Firms
    - Refer recommendation to Selectboard
    - Complete Existing Fire Station site visits
