Subject: 'Motorola Body Cam cloud storage quote'
Attachments: Motorola Body Cam cloud storage quote.pdf

Michael,

Attached is the quote for the Cloud storage for our body cameras. (\$5,440.00) There was another option of \$20,000.00 plus, for a 5-year ish term, but I think yearly makes sense until I can get it into the budget. Body cameras are new to us and we did not know the amount of storage they would require. They have filled up our computer hard drives and additional external storage. The cloud storage will be less expensive in the long run and allows additional features that we will be required to do with discovery and such, like redactions for example.

Sincerely,
Whit
